 - ☐ Yes ☒ No

New Website Development for St Brendan the Navigator Church and School **www.stbrendans.net**

Rates for Web Design, Development and Support **Various**

☒ **New Client (\$70 per hr)**

- Hourly rate for first-time website clients.

☐ **Current Client (\$50 per hr)**

- Discounted rate for new, additional web-related services outside the scope of original project.
- Customer Service and Support
 - › Due to the large number of clients that we host, our support model is a pay service.
 - › After launching, hosted clients will automatically receive our discounted service rate of \$50 per hour.
 - › Support calls less than one hour will be prorated.

Services (Included)

Staff Training **Free**

- Your new website includes:
 - Training session for all web staff via remote computer access and phone consultation before the site goes live (a session averages around two to three hours).
- For any further training, we will gladly apply our discounted rate of \$50 per hour.

Technical Support **Free**

- Free support and maintenance updates are covered under our hosting package for areas such as:
 - Forgotten passwords, new user creation, support related to site updates, and items outside of your control.
 - Our web department is always available for technical support questions.
- **Diocesan Web**
 - Email: **webdepartment@diocesan.com**
 - Phone: **(877) 923-0777**

New Website Development for St Brendan the Navigator Church and School **www.stbrendans.net**

Security (Included)

Diocesan takes online security seriously. Our server is continuously monitored and incorporates several different layers of protection on both the server and directly at the site level for all of our client websites.

- **Our security measures include:**

- Locking out of unauthorized users.
 - › Automatic blocking of IP addresses as reported on published blacklists.
 - › Blocking user access outside of “normal” hours (i.e., midnight to 6 am).
- Protection from “brute force attacks”.
 - › Username and IP based blocking after set number of failed attempts.
- File change detection.
 - › Automatic scanning of PHP files that are added or changed.
- Filtering of suspicious strings or characters in the URL.
- Detection and blocking of bots scanning the site for vulnerabilities.
- Eliminating comment spam and junk form submissions
 - › Unique path for accessing site (for avoiding malicious users and spam).
 - › White label branding.
- File protection.
 - › Blocking system files from being edited and the disabling of directory browsing.
 - › Unique permissions per site, including no access to core operating system or other user files.
- Error Logging.
 - › System is scanned hourly for issues and documented for review.
- Custom admin login.

- **Our server is monitored 24/7 with priority support, including:**

- Managed updates and patches.
- Server hardening and ongoing security audits.
 - › Routine scanning of server approximately every five minutes.
 - › Isolating suspicious files.
- Using a dedicated server that is only shared with other church websites hosted by us.
- Only opening necessary ports to the public. All other ports are restricted to IP addresses on our whitelist.
- Firewall packet filtering.
 - › Blocking repeat failures for FTP, SMTP, POP, IMAP, and cPanel.
 - › System exploit checking every five minutes.

New Website Development for St Brendan the Navigator Church and School **www.stbrendans.net**

Backups and Archiving (Included)

- Your data is secure with us. Diocesan automatically performs the following:
 - Daily backups on the server.
 - Weekly backups stored locally at our office.
 - Nightly backups to the cloud system of our hosting provider.
 - Offsite backups covering five weeks worth of archives.

Website Analytics (Included)

Diocesan can setup and incorporate a two-fold system of site analytics for your site as applicable. This may include a comprehensive and customizable integration with Google Analytics along with any current analytic tools already installed or our new web stat tool for additional overview through the WordPress dashboard.

• **Web Stats**

High level snapshot of your site traffic with a simplified analytics dashboard for assessing information quickly. This area will succinctly show the top analytic categories such as:

- Visitor Views
- Page Views
- Total Views (today, weekly and monthly)
- Percentage of views coming from a specific device (desktop, tablet or mobile)
- Traffic Source
- Top Browsers
- Top Operating Systems
- Top Posts
- Top Links
- Top Search Terms
- A Geographical Map (world map of where visitors are coming from)

• **Google Analytics**

With Google Analytics you will have options to view and define:

- Demographics and Audience Profile
 - › Behavior
 - › Pageviews (total)
 - › Pageviews (unique)
 - › Average Time on Page/Site
 - › Bounce Rate
 - › % Exit
 - › Behavior Flow
 - *This shows which page most people land on, where they go to next, and where they keep going until they finally leave.*
- Customizable Reports
 - › View information for your reports by using an easy “drag ‘n drop” interface.
- Internal Site Searches
 - › This tracks what people on your site are searching for, thereby allowing you to make any necessary changes or additions.
 - › Preferred Pages
 - › Find out which pages are visited more often and how long people stay on them.

New Website Development for St Brendan the Navigator Church and School www.stbrendans.net

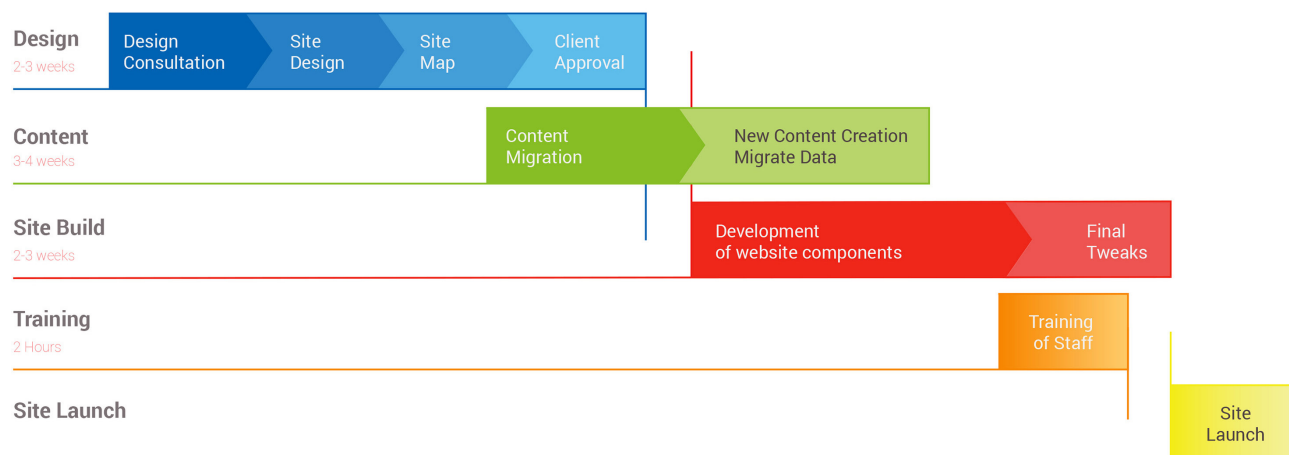

Google Analytics (Continued)

- › Traffic Origins
 - Find out where your visitors are coming from to best gear your content and information specifically.
- › Event Tracking
 - Another valuable feature, this provides information such as: how many people download specific files or forms, and which sign-ups catch the most e-mails. Videos may also be tracked and will show whether they are being watched all the way, are paused, or even stopped.
- › Real-Time Traffic
 - See who is on your website right now. See where they live, how they found your site and what they are doing at this moment.
- › Flow Charts
 - These will allow you to directly follow the path your visitors took through your site. You will see where they went, how much time they spent on each page and where they stopped to read what content.

Website Gallery

- Form and function come together with practical solutions and visually-rich design. Our web designers and developers work hand-in-hand with you to achieve dynamic results.

New Website Development for St Brendan the Navigator Church and School **www.stbrendans.net**

Total Estimate

New Website Design and Development (95–105 hrs) **\$6650–7350**

In order to meet expedited launch date of early July 2018 as preferred by client, design and development must be based on previously built assets and template as determined in the design stage.

Website Credit / Bulletin Discount (with new, two year bulletin extension) **100%**

Total Due (one-time cost) **\$0**

Domain Name + \$0 per year

Hosting (\$25 per month) + \$300 per year

Project Agreement

I hereby authorize **Diocesan** (Diocesan Publications) to begin work on the above proposed project for the **Client** (Saint Brendan the Navigator Parish, also known as St Brendan the Navigator Church and St Brendan School in Hilliard, OH). I understand that this proposal represents the estimated time to perform the items listed and **any changes to the scope of the project may change the projected cost**. Hosting of the new website (including all databases) are to be transferred to Diocesan and billed on an annual basis. The content of the **new** website is the property of the Client. Hosting begins upon launch (when the site goes live) and auto-renews every 12 months afterwards unless the Client notifies Diocesan in writing at least 60 days prior to the renewal date. Responsibility and billing of the Website Domain (Domain Name Registrar), Hosting, and associated Email Accounts are stated below. If the Client halts development prior to completion and/or billing of the web-related services, work completed to the point of cancellation will be invoiced at the hourly rate and estimate agreed to above.

Please sign and return to Diocesan, attn: **Kevin Ferguson**.

- Email: **webdepartment@diocesan.com**
- Fax: **(616) 878-4835**
- Office: **(877) 923-0777**
