Good afternoon Jennifer,

During our training, we discussed upgrading to the pro version of the YouTube playlists plugin. This plugin will allow us to display specific playlists on specific pages or show a landing page of the different playlists. The plugin cost of YourChannel Pro is \$19 + taxes. ([See Price & Features Here](#))

If you approve of this cost, please let me know if there are any billing specifications and we will add this item to our to-do list tomorrow morning.

Thank you,

Veronica Alvarado
