The children in our care at Most Blessed Sacrament are each distinct, extraordinary and absolutely beautiful in their own ways. The Grammar School meets each of them where they are and helps them develop into the most fully realized version of themselves. The Grammar School has big-school resources with a small-school feel — we have unparalleled facilities, and we care most that they facilitate unparalleled learning.

Our mission is to know our students, and we do that incredibly well and with great joy. Kids are happiest and learn best when they build strong relationships with teachers and classmates, which our students do in small groups focused on language, reading readiness and problem-solving skills in math and science.
